

Chilirec –how it works

- 1 Start your recorder.
- 2 Wait 5 minutes.

The screenshot shows the Chilirec beta web interface. At the top left is the logo and a search bar labeled "SEARCH IN MY DIRECTORY" with a search icon. Below the search bar is a table with columns: Navigator, Artist, Title, Duration, Channel, and Recording in progress. The table lists various artists and their songs, such as Leona Lewis - Bleeding Love, Mariah Carey - Touch My Body, and Chris Brown - With You. On the right side, there is a "Recording in progress" section showing a list of songs being recorded, including "Randy - I Raise My Fist" and "Bill Miller - Spirit Wind". Below this is a "Player" section showing the current song "Leona Lewis - Bleeding Love" with a progress bar and playback controls. At the bottom right, there are buttons for "Remove", "Remove All", and "Save As".

- 3 You can see the songs that you recently recorded.
- 4 Listen to your music by double clicking or "drag and drop" to the player. You can have many songs in your playlist.

- 5 Choose History in the Navigator too see what music you have recorded.
- 6 You can save a personal copy on your iPod or disk if you click on the diskette symbol.

After a while:

- 7 When you have recorded a lot of music, you can try to search in your directory for artist, title or genre.

After 2 days:

- 8 Now you will be able to get toplists. For example, what songs are most frequently played on the radio right now.
